1on1 Rules

Check out the rules of the Basketball 1on1 App.

Start of the Match

The first possession is determined by a free throw (or a coin flip).

Scoring system

The winning score is 11 points. A field goal counts for 1 points, and goals made from behind the three-point line count for 2 points.

Possession

Winners ball : Keep the ball if the player scores.

Clearing point

The three-point line is a clearing point. Each player must take the ball after rebounding an opponent's missed shot. This establishes continuity by giving both players a chance to set up for the next play.
